

Histon Road - Bus, Cycling and Walking Improvements Project August 2021 Update

Two-Way traffic returns to the southern part of Histon Road

The southern section of Histon Road will be reopened to all traffic between the junctions of Gilbert Road and Huntingdon Road from 6pm on Friday 27 August.

Temporary traffic lights at Gilbert Road Junction will remain in place so we can continue to work on this junction, but the right turn in Histon Road will be allowed. Traffic exiting local shops such as the Aldi supermarket and the petrol station will be able to turn right and exit inbound toward the Huntingdon Road junction.

Work is continuing on the northern section between the junctions of Gilbert Road and Brownlow Road. Despite work pausing for seven weeks during the first lockdown, it is expected the entire road will be re-opened later this summer.

A diversion remains in place for inbound motorists travelling to the city from the A14. This diversion is via the A14, Milton Road and Victoria Road is signposted from the A14. The diversions to the inbound Citi 8 and Busway B bus routes remain, with the Citi 8 bus being diverted via King's Hedges and the Busway B service via Milton Road. Both bus services still serve Histon Road outbound.

Resurfacing

Photograph shows Kings Hedges end of Histon Road.

After the recent round of overnight closures, the resurfacing from Brownlow Road to Kings Hedges is now complete.

The new pavements and cycle lanes, both inbound and outbound are open for members of the public to use.

If you have any concerns during the construction, please do get in touch with Milestone's project team on Histonoad.contact@milestoneinfra.co.uk or telephone the 24 hour contact centre on 0330 105 1980.

Junction Works

**Photograph shows Gilbert junction.*

We are continuing to work on the Gilbert Road junction. To allow the junction to remain open to traffic we can only work on half the junction at a time. We are currently working on the northwest side, installing islands for pedestrian crossings, cycle lanes and walkways.

Crossings

We have started to install the tabletop crossings, like those installed at the Akeman Street junction, at Roseford Road and Chancellors Walk. Access to both these roads will be maintained while we do this work.

Final round of Road Closures

The last remaining resurfacing works between Gilbert Road junction and Brownlow Road are due to take place in September. Once we know the exact dates, we will write to residents and post information on social media and our website.
