

CAMBRIDGESHIRE COUNTY COUNCIL
(SILVER STREET, CAMBRIDGE) (BUS GATE)
EXPERIMENTAL ORDER 2020

NOTICE is hereby given that Cambridgeshire County Council made an Order under the Road Traffic Regulation Act 1984 and of all other enabling powers the effect of which will be to extend the hours of operation of the bus gate in Silver Street, Cambridge to all hours of the day on all days.

The Experimental Order has been made as part of the County Council's response to the Covid-19 pandemic to support social distancing and to create lower trafficked routes to encourage walking and cycling. Acting on behalf of the County Council, the Greater Cambridge Partnership (GCP) is overseeing the implementation and monitoring of the Experimental Order.

A copy of the Experimental Order, which comes into operation on the 24th August 2020, along with a plan of the experimental measure, details of how it will be monitored and how objections and comments can be lodged during the experimental period are available on the GCP website:

<https://www.greatercambridge.org.uk/transport/transport-projects>

The Experimental Order can operate for a maximum of 18 months during which time its effects will be monitored before a decision is taken on whether the measures should become permanent, be varied in some way or allowed to lapse.

Anyone wishing to object to the making of any order that would have the effect of making permanent the experimental measure has 6 months to do so, starting from the date the Experimental Order came into operation or, if the Experimental Order is varied by a subsequent order or modified pursuant to section 10(2) of the Road Traffic Regulation Act 1984 from the date that variation order or modification comes into force. Objections must be made in writing and must state the grounds on which they are made.

The GCP would welcome other representations during the period that the experimental measure operates.

Any objections to making permanent any of the experimental measures or any other representations should be sent:
