Dear [REDACTED],

### **Cambourne to Cambridge – Environmental Impact Assessment Public Consultation**

The Cambourne to Cambridge (C2C) Better Public Transport Project is a proposed public transport link to connect growing communities between Cambourne and Cambridge and a new Travel Hub facility at Scotland Farm, off the A428 - with a new active travel route to make cycling and walking easier and safer.

Following public consultations and extensive technical work to determine a preferred route, (all of which can be viewed at the GCP web pages [www.greatercambridge.org.uk/CambournetoCambridge](http://www.greatercambridge.org.uk/CambournetoCambridge)) we're now undertaking an Environmental Impact Assessment (EIA). To inform the EIA, a public consultation will run from Monday 16 May until Monday 11 July. We're seeking views on how we can best manage and mitigate the scheme's impacts on the landscape and environment. As your property/land/business is in proximity of the proposed route, we'd like to hear from you.

View and download consultation materials, and find details of online and in-person events at [www.greatercambridge.org.uk/c2c-eia](http://www.greatercambridge.org.uk/c2c-eia) .

If you have questions or comments, or to request a printed consultation pack, please email us at [C2c@greatercambridge.org.uk](mailto:C2c@greatercambridge.org.uk) or phone 01223 699906. Find the latest information on C2C and other local schemes on the GCP website – [www.greatercambridge.org.uk](http://www.greatercambridge.org.uk).

We look forward to hearing from you.

Yours sincerely,

Peter Blake  
Transport Director  
Greater Cambridge Partnership
